TO Chief, Western Hemisphere

FROM LINCOLN

SUBJECT (GENERAL KUGOWN - PBSUCCESS
(SPECIFIC Political Action Required in Connection with PBSUCCESS

1. It is requested that Headquarters commence discussions with ODACID to ensure early and general Hemispheric diplomatic recognition of the PBSUCCESS-installed regime in the Target Country. Presumption is made that such recognition will be immediately forthcoming from the governments of Honduras and Nicaragua because of their special interest in the project's success. However, de facto recognition of the SYNCARP government by Mexico, Panama and Costa Rica approaches the proportions of a prerequisite to general Hemispheric recognition, inasmuch as Central and South America are inclined to regard themselves as entities whose solutions to area internal problems are respected normally by each other.

2. In connection with the postulated detachment of a particular European country ODACID expressed willingness to establish within itself a special task force to engage in diplomatic preparation for the move, both in the Free World and among those nations which were to have assumed a combatant role. The preparation then considered would have comprised high-level secret talks both in Washington and in the capitals of interested European countries to establish and guarantee the future political integrity of the country involved. Because the Target Country is not popularly considered a Satellite nation, a forceful overthrow of its government cannot anticipate the same degree of diplomatic approbation in the Free World as was anticipated in the case of the European nation involved.

3. To accomplish desiderata appropriate to the ultimate accomplishment and consolidation of PBSUCCESS goals it is requested that Headquarters commence a study which will form the basis for representations to ODACID concerning the envisaged ODACID role. It is estimated that all action in connection with Paragraph 1, supra, should be accomplished by the first of June, 1954, in order to obtain Hemispheric understandings prior to revolutionary activity within the Target Country.
